Drop-down list is only displayed, if Country Code indicates multilingual pre-install (e.g. N5, S4, DU). For single-language SKUs (e.g. EN, FR, GR), the respective language will be displayed **without choice**.

Customer needs to actively confirm purchase date by activating this checkbox.

The screenshot shows the Toshiba website interface for the Windows 7 Upgrade Program. The header includes the Toshiba logo and navigation links. The main content area is divided into a left sidebar and a right shopping cart. The left sidebar contains a form for entering a serial number and selecting a language. The right shopping cart displays three items, each with a 'Proceed to Shipping/Billing' button. At the bottom of the page, there is a checkbox for confirming the purchase date and a 'Proceed to Shipping/Billing' button.
